

We think this image is...

A

- Real and reliable
- Misleading because it's **miscaptioned**
- Misleading because it uses **forced perspective**
- Misleading because it's been **edited**
- We're not sure and need to find out more

We think this image is...

B

- Real and reliable
- Misleading because it's **miscaptioned**
- Misleading because it uses **forced perspective**
- Misleading because it's been **edited**
- We're not sure and need to find out more

We think this image is...

C

- Real and reliable
- Misleading because it's **miscaptioned**
- Misleading because it uses **forced perspective**
- Misleading because it's been **edited**
- We're not sure and need to find out more

We think this image is...

D

- Real and reliable
- Misleading because it's **miscaptioned**
- Misleading because it uses **forced perspective**
- Misleading because it's been **edited**
- We're not sure and need to find out more

We think this image is...

E

- Real and reliable
- Misleading because it's **miscaptioned**
- Misleading because it uses **forced perspective**
- Misleading because it's been **edited**
- We're not sure and need to find out more

Words to remember

miscaptioned

the caption says that the photo shows something it doesn't

forced perspective

plays a trick by making objects look bigger, smaller, further or closer than they are

edited

the photo has been changed, for example by taking something away or adding something in
